INTRODUCING VALSPAR

Since 1806 Valspar has been vibrantly colouring the world with our paints, stains and coatings.

There's a good chance you've seen our work close by, whether it's the famous fizzy drink brands you're drinking or the London red buses, Valspar has covered it.

We are the paint brand that offers the world the greatest range of shades and hues. **We can create over 2.2 million unique colours.**

Valspar has been trusted with the colours that are most important of all, your colours.

We believe that colour, precision, durability, individuality and service are the pillars that make us who we are today.

EASY AS 1, 2, 3...

1 Choose your colour from one of our best-sellers

Can't find what you're looking for? Visit our chip rack for more options or we can colour match to 2.2m colours!

2 Choose your product

Effortless, even coverage and a long-lasting finish, whether you're decorating inside or out

3 Get your colour mixed

COLOUR MIXING & MATCHING

**A colour isn't just a hue. It is personal. It is unique.
The right paint colour can inspire. It can change your mood.
Your environment. And it can certainly brighten your day.**

Choose from our 2000 pre-selected colours...

With Europe's biggest range of pre-selected colours, Valspar has countless combinations just waiting to be created.

From brilliant whites to outlandish oranges, our experts in-store can help you to choose the perfect colour, or browse all our colours online from the comfort of your own home.

Our 2000 pre-selected colours are available to order online, order yours at valsparpaint.co.uk/colours

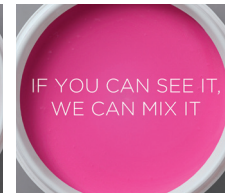

Why not try your colour first in one of our Colour Sample Pots?

Or, we can create a unique colour for you...

If you have an eye for colour and detail, our state-of-the-art colour matching technology can match over 2.2 million colours, all from a sample as small as a sugar cube. If your eye can see it, we can mix it.

Bring the colours you love to life.

COLOUR WITH CONFIDENCE

Colours shown are matched to the final paint shade as accurately as printing allows. We suggest that you use our Colour Chips or a Colour Sample Pot to confirm the colour in the room you will be decorating before purchasing your paint. The surface, lighting and furniture within your room can change how the paint colour appears in your home.
